

FAQ

Question: I want to buy the book but first can you tell me if it comes with the vinyl single?

Every book comes with a bonus set which includes vinyl single, A3 poster and 4 postcards.

Question: How much is shipping cost?

To calculate shipping costs, please use the online shopping cart by adding the items you want to your cart. Click on checkout to begin the checkout process. Once you have entered in your address information and selected the desired shipping method, you will be presented with shipping costs for your order. You do not have to purchase the items in order to get shipping costs.

Question: How long does it take to get my order?

We attempt to ship our orders within 2 to 5 working days of receipt. Occasionally we are out of stock for a short period of time, which can add additional time. You need to add the transit time to the processing time to get the total shipping time.

You can use this link to calculate the total shipping time

Question: Why are the shipping costs so high?

Our shipping costs reflect our actual costs to ship your order. We do not make shipping and handling a profit centre. Pay attention that the weight of the book is more than 6 kg.

Question: What does it mean "premium" by shipping costs.

The word "premium" means that your item comes with air post.

Question: Could you give me the price in £ UK or US \$.

To calculate the price in other currency please use the currency calculator:
